GANGADHAR MEHER UNIVERSITY

AMRUTA VIHAR, SAMBALPUR (ODISHA)-768004

The following Courses of different programmes have Employability, Entrepreneurship and Skill Development components.

Employability has been marked in Red colour.

Entrepreneurship components have been marked in Green colour.

skill development components have been marked in Blue colour.

Teaching Learning Process:

Teaching and learning is a continuous process which is surrounded by students' attitude to the knowledge, academic curiosity, reading & practicing, creativity, thinking ability and extending knowledge levels. Therefore, the teaching learning process of the program focuses on learner-centric pedagogies, and interactive and participatory pedagogies. Planning for teaching constitute a critical dimension. The teaching and learning process revolves around a well-structured and sequenced acquisition of knowledge and skills.

Teaching and learning under this program involves classroom lectures as well tutorials. The tutorials allow a closer interaction between the students and the teacher as each student gets individual attention. For a visual and better learning outcome, instructors will use ICT facilities, e-learning platforms and other innovative e-content platforms for student-centric learning methods. As part of *participative teaching-learning practices* few courses include seminars, presentations and group discussions. To cater the needs of slow and advance learners, special, remedial and peer teaching classes will be encouraged. Apart from these, exposure visits, special lectures by invited experts, workshops, and National/International seminars are to be held to augment knowledge, encourage innovative ideas and expose the students to global academic and research advancement. There is also the provision of mentor- mentee for each class where the mentor can keep track of each student's progress and address her/his individual difficulties. For the experiential learning course on project work is offered (i.e. short-term projects, research projects, assignments and field works), which is the integral components of the program that enable the students to solve practical problems. The provision of written assignments and projects submitted by students as part of the course, are also to be discussed in special classes. For each course students will be assigned regular home assignments and will be tested periodically through quizzes and class tests to ensure that they have properly learnt the course material.

School of English
Gangadhar Meher University, Sambalpur

M.A. English Syllabus (effective from 2021 new admission batch)
Under Choice-Based Credit System

Objectives of the program:

- To familiarise the students with the representative authors of every age and movement.
- To help them study different genres of literature in the context of socio-cultural background of the age and initiate serious engagement with the texts through close reading and analytical writing.
- To orient the learners towards the concepts of literary theory and criticism and introduce them to various schools of thought evident in academic deliberations.
- To open up avenues of research and specialisation by giving learners a choice to focus on a particular area of literature and introduce the students to the concept of research and the terminology associated with it.
- To familiarise the learners with World Literature in English to facilitate cross-cultural perspectives and to sensitise them towards the complexities of dealings shared by the minorities.
- To improve the linguistic competence along with the literary competence of students.

Programme Learning Outcomes (PLOs):

After completion of this academic program, the students will be able to:

- Demonstrate comprehensive knowledge related to the Socio-cultural and intellectual background of different literary periods and literary trends.
- Identify and discuss representative writers of different periods and their seminal works.
- Acquaint with works written by different sections of people (gender, racial and ethnic minorities) and make critical responses from different perspectives
- Understand and examine the development of various genres and sub-genres of literature and literary devices and familiarise themselves with key concepts and theoretical practices related to different schools of thought and the latest critical trends in the field of literary theory and criticism.
- Formulate critical arguments on literary texts with an improved skill for close reading and critical analysis using literary theory and develop a scholarly composition.
- Delve deep into different areas of Literature and explore research possibilities in the field by critically evaluating the thematic and aesthetic issues in identifying subversive strategies employed by writers in literary texts.
- Apply the knowledge to explore career avenues in a global world such as professional writing, translation, teaching English at different levels, mass media, journalism, aviation communication and personality development.

5. Pass Percentage:

- The minimum marks required to pass any paper shall be 40 percent in each paper and 40 percent in aggregate of a semester.
- No students will be allowed to avail more than three (3) chances to pass in any paper inclusive of first attempt.

Programme Outcomes(Hindi)

- 1)To make the students competent in various walks of life
- 2)To make the students job ready and enhance their employability.
- 3)To make the students aware of and responsible towards gender, religion, and class equality
- 4)To enhance critical thinking by making them participate in social activities and imbibe human values among them.
- 5)To encourage the students to participate in research at different levels through projects, interviews, surveys and field visits.

Program Specific Outcomes

On completion of M.A Hindi, students will be able :

- 1) To understand the basic concept and subject of Hindi and its origin.
- 2) To make or not the importance of subject Hindi and its Branches.
- 3) To understand various aspects of Hindi literature with the process of reaching a method and giving a new mode and direction.
- 4) To make an attempt in different areas and theory such as vocabulary and vice versa.

take ownership of their learning basing on being ready to learn, setting learning goals, engaging in the learning process, and evaluating learning.

- **Multicultural competence:** Capacity to understand, to cooperate and to communicate effectively with people from different cultures and socio-economic backgrounds. Emphasizes the ability to understand, appreciate and interact with people from cultures or belief systems different from one's own. This idea reflects the goal to be able to connect with and understand others more authentically.
- **Moral and ethical awareness/reasoning:** Promotes to maintain doing good, not doing harm and protecting the autonomy, wellbeing, safety and dignity of all research participants. Researchers should be as objective as possible and avoid ethnocentricity. It refers to the set of standards that enable people to live cooperatively in groups. It's what societies determine to be "right" and "acceptable." Sometimes, acting in a moral manner means individuals must sacrifice their own short-term interests to benefit society. Moreover, capable of demonstrating the ability to identify ethical issues related to one's work, avoid unethical behaviour such as fabrication, falsification or misrepresentation of data or committing plagiarism, not adhering to intellectual property rights; appreciating environmental and sustainability issues; and adopting objective, unbiased and truthful actions in all aspects of work.
- **Leadership** readiness/qualities: Capability for mapping out the tasks of a team or an organization, and setting direction, formulating an inspiring vision, building a team who can help achieve the vision, motivating and inspiring team members to engage with that vision, and using management skills to guide people to the right destination, in a smooth and efficient way.
